Directors Report

Your directors present their report on the company for the financial year ended 30 June 2011.

Directors

The names of directors in office at any time during or since the end of the year are:

Mr James Raptis OBE
Mr Kevin Gogolka
Mrs Helen Raptis
Mr Malcolm Cory

Mr Kevin Gogolka resigned as a director on 24 August 2010 and Mr Malcolm Cory was appointed as director on 17 March 2015.

The directors in office as at the date of this report are:

Mr James Raptis OBE
Mrs Helen Raptis
Mr Malcolm Cory

Company Secretary

The following persons held the position of company secretary at the end of the financial year:

Mr James Raptis - Chairman and Chief Executive Officer. Mr Raptis is a registered builder in Queensland and has over 35 years experience in the construction and property development industries. He was appointed company secretary on 8 October 1990.

Mr. Malcolm Cory - Bachelor of Business, Chartered Accountant. Mr. Cory commenced work for Raptis Group Limited in December 1989. He performs roles in accounting and finance as the Chief Financial Officer. He was appointed company secretary on 16 December 1993.

Principal Activities

The company's principal activity is property development and investment.

This principal activity were suspended due to the following situation arising.

On 9 September 2008 Receivers were appointed to four subsidiary companies associated with the Southport Central project which caused the company to no longer satisfy criteria to report as a going concern. The appointment of Receivers to certain controlled entities provided an effective event of default under all security documentation including a fixed and floating charge over Raptis Group Limited provided to Capital Finance Australia Limited in August 2008.

Accordingly the financial statements for the year to 30 June 2009 were not been prepared on a going concern basis; rather these accounts were prepared on a liquidation basis. Under the liquidation basis of preparation, asset and liabilities are measured at their liquidation value.

The Directors appointed an Administrator to a major Raptis Group Limited subsidiary company, Rapcivic Contractors Pty Limited, on 10 December 2008. On 31 January 2009 the Directors appointed Brian Sylvia and Andrew Cummins of BRI Ferrier (NSW) Pty Ltd as Joint Administrators to Raptis Group Limited

On 31 March 2009, Creditors voted to accept a proposed Deed of Company Arrangement. The effect was that Creditors agreed to accept shares in consideration for their debts and no liabilities are carried forward from prior to that date.

On 18 September 2009 the Raptis Creditors Trust Deed was approved by Creditors and the Administrators announced return of control to the Directors.

As part of the restructure on 18 September 2009, 40,000,000 shares were issued to creditors in a debt for equity swap.

Operating Results

Trading activities were suspended during the year ended 30 June 2011. The Raptis Group Limited Creditors Trust Deed was established on 18 September 2009. Income is recorded in the Income Statement for the 2010 year resulting in a profit before income tax expenses of \$391.942 million. This income results arises from the treatment of a debt for equity swap where creditors agreed to accept shares to extinguish their Guarantee debt, for further details refer to the review of operations following.

Review of Operations

The operations of the economic entity up to 9 September 2008 comprised the development and marketing of several high rise developments on the Gold Coast, investment in property, residential property management and resort hotel operations.

As at 9 September 2008, with the appointment of the Receivers to subsidiary companies of the Raptis Group Limited entity, the directors ceased to control these operational activities. On 9 September 2008 Receivers were appointed to four subsidiary companies associated with the Southport Central project which caused the company to no longer satisfy criteria to report as a going concern. The appointment of Receivers to certain controlled entities provided an effective event of default under all security documentation including a fixed and floating charge over Raptis Group Limited provided to Capital Finance Australia Limited in August 2008.

Accordingly the 2009 financial statements were not prepared on a going concern basis. The 2011 and 2010 years were prepared on a going concern basis. Events allowing the return to a going concern follow.

The Directors appointed an Administrator to a major Raptis Group Limited subsidiary company, Rapcivic Contractors Pty Limited, on 10 December 2008. On 31 January 2009 the Directors appointed Brian Sylvia and Andrew Cummins of BRI Ferrier (NSW) Pty Ltd as Joint Administrators of Raptis Group Limited.

On 31 March 2009, Creditors voted to accept a proposed Deed of Company Arrangement. The effect was that all liabilities prior to that date would be extinguished on implementation of the Deed.

On 18 September 2009 the Raptis Creditors Trust Deed was approved by Creditors and the Administrators announced return of control of Raptis Group Limited to the Directors.

The restructure approved by Creditors on 31 March 2009 included a provision of shares to creditors as a swap for debt. The Administrator and Directors undertook to Creditors at this meeting to resolve a disputed proof of debt that arose just prior to the Creditors meeting. The resolution of the proof of debt relevant to a formerly controlled entity with the Australian Taxation Office had the potential to dilute the distribution payable to the unsecured creditors of another former controlled entity Rapcivic Contractors Pty Ltd. This matter was strenuously litigated in an endeavour to provide the best outcome for the creditors of Rapcivic Contractors Pty Ltd.

The Full Bench of the Federal Court found substantially in favour of the company on the 18 August 2012. The High Court of Australia reversed a significant proportion of this outcome leaving a net liability, and remitted the matter to the Administrative Appeals Tribunal to determine the effect of the orders. The amount of the proof has now been resolved to the satisfaction of the Company.

Financial Position

On 31 March 2009 Creditors voted to accept a proposed Deed of Company Arrangement and the effect was that the Raptis Group Creditors Trust Deed was set in place at a meeting on 18 September 2009. No debt from prior to the implementation of the Deed of Company Arrangement remains and the company has the capacity to resume trading without concern of liabilities from the past disturbing future trading. As a result of the vote the net assets position of the company is NIL. There was no profit or loss for the year to 30 June 2011 as the company was not trading. In the comparative year to 30 June 2010 a net profit of \$391.942 million resulted from the effect of the release of the corporate guarantee on 18 September 2009 in a debt for equity swap.

Going Concern

As at 30 June 2011, the company had net assets of nil. The company is dependent on the support of its major shareholders arranging funding to continue as a going concern. At the date of signing the major shareholders have indicated their intention to continue to arrange resources to meet the needs of the company. This includes funding costs up to resumption of trading and underwriting a capital raising to allow the company to relaunch as a going concern in its own right. Should the funding not be obtained, the company will not be able to continue as a going concern.

Dividends Paid or Recommended

No Dividends were paid or declared during the year.

After Balance Date Events

The review of operations above refers to resolving a proof of debt to assist the Administrator in the adjudication process. The Full Bench of the Federal Court found substantially in favour of the company on the 18 August 2012. The High Court of Australia reversed a significant proportion of this outcome leaving a net liability, and remitted the matter to the Administrative Appeals Tribunal to determine the effect of the orders. The amount of the proof has now been resolved to the satisfaction of the Company. The Raptis Group Limited Australian Tax Office proof of debt of \$29,375,574 that delayed the implementation of the restructure from 31 March 2009 was resolved on 6 August 2014 to an amount of six dollars and nil cents.

The company has completed arrangements with the former security holder. This allows Raptis Group Limited to recommence its core business of property development. These arrangements allowed that on 9 July 2014 a security registered over all collateral held by Raptis Group Limited was lifted. On 3 July 2014 the appointment to control one subsidiary associated with the Hilton Surfers Paradise development retired from this limited position.

Future Developments, Prospects and Business Strategies

The effect of the restructure is that there is no debt from prior to 31 March 2009. The company has received the benefit of a legal clearing of the decks and the opportunity to resume trading without any liabilities from the past resurfacing. It has taken a long time to follow due legal process and the support of shareholders and creditors who become shareholders under the restructure and other stakeholders is appreciated.

The Directors plan is to recapitalise the company to have a minimum of one million dollars in cash. Research has provided attractive opportunities to resume the previous property development activities of the company and return value to the shareholders.

Environmental Issues

The directors are not aware of any significant breaches during the year.

Information relating to Directors at the end of financial year.

No remuneration has been paid in the current and comparative financial years.

Remuneration Report

This report details the nature and amount of remuneration provided for each key management person of Raptis Group Limited including directors and for the executives receiving the highest remuneration. The company did not trade during the current or comparative period and no remuneration has been paid in these periods.

Remuneration Policy

The remuneration policy of Raptis Group Limited has been designed to align directors, secretaries, senior managers of the Company, and relevant group executives of the economic entity's objectives with shareholder and business objectives by providing a fixed base remuneration component and employer contributions to superannuation funds. The board of Raptis Group Limited believes the remuneration policy to be appropriate, effective and competitively set in its ability to attract and retain appropriately qualified and experienced directors and senior executives to run and manage the economic entity, as well as create goal congruence between directors, executives and shareholders.

The remuneration structures explained below are designed to attract suitably qualified candidates, reward the achievement of strategic objectives, and achieve the broader outcome of creation of value for shareholders.

The board's policy for determining the nature and amount of remuneration for board members and senior executives of the economic entity is as follows:

- The remuneration policy, setting the terms and conditions for the executive directors and other senior executives, was developed by the Board, with independent advice on the appropriateness of remuneration packages given trends in comparative companies and the objectives of the Company's remuneration strategy.

- When appointed executives receive a fixed base salary (which is based on factors such as length of service and experience), and superannuation.
- The Board reviews the remuneration of the directors and senior executives of the economic entity, taking into account their capability and experience, their ability to control the relevant segment performance and the economic entity's performance including the economic entity's earnings and the growth in share price and returns on shareholder wealth.

Remuneration levels are reviewed annually by the directors through a process that considers individual, segment and overall performance of the economic entity. In addition, external consultants provide analysis and advise to ensure directors' and senior executives' remuneration is competitive in the market place.

The executive directors and executives receive a superannuation guarantee contribution required by the government, and do not receive any other retirement benefits. Some individuals, however, may choose to sacrifice part of their salary to increase payments towards superannuation.

Compensation Practices

The board's policy for determining the nature and amount of compensation of key management for the group is as follows:

The compensation structure for key management personnel is based on a number of factors, including length of service, particular experience of the individual concerned, and overall performance of the company. The contracts for service between the company and key management personnel are on a continuing basis, the terms of which are not expected to change in the immediate future. Upon retirement key management personnel are paid employee benefit entitlements accrued to date of retirement. Key management personnel are paid in accordance with State Legislation in the event of redundancy.

Employment contracts of directors and senior executives

There are no current employment contracts.

Key Management Personnel Remuneration

All employees were terminated on 31 October 2008. No remuneration was paid to key management personnel or Directors in the year to 30 June 2011 or to 30 June 2010.

Meetings of Directors

During the financial year, 5 meetings of directors were held. Attendances by each director during the year were as follows:-

Director	Directors' Meetings	
	Number Eligible to Attend	Number Attended
Mr James Raptis OBE	5	5
Mrs Helen Raptis	5	5

Audit Committee

Due to limitations imposed by size, the company has not constituted a separate audit committee of the Board of Directors.

Indemnifying Officers or Auditor

During the financial year the Company has no insurance premium was paid in respect of directors' and officers' liability and legal expenses insurance contracts, for current directors and officers including executive officers of the Company and directors, officers and secretaries of its controlled entities. No premium was paid nor has any indemnity been given in respect to the auditors of the Company.

Proceedings on Behalf of Company

No person has applied for leave of Court to bring proceedings on behalf of the company or intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or any part of those proceedings.

The company was not a party to any such proceedings during the year. Directors did support Legal proceedings of a formerly controlled entity in a bid to maximise distributions to creditors refer to the review of operations above.

Non-audit Services

During the year, Russell Bedford New South Wales, the company's auditors have not performed other services in addition to their duties.

There were no fees for non-audit services were paid/payable to the external auditors during the year ended 30 June 2011.

Corporate Governance Statement

Raptis Group Limited's corporate governance practices were in place throughout the year ended 30 June 2011. Where recommendations of the ASX Corporate Governance Council have not been fully complied with due to the size of the company these exceptions are included in the notes below.

Board of Directors

The board of directors guides and monitors the business affairs of Raptis Group Limited on behalf of the shareholders by whom they are elected and to whom they are accountable. The board of directors of Raptis Group Limited is responsible for the overall corporate governance of the consolidated entity including formulating its strategic direction, approving and monitoring capital expenditure, setting remuneration, appointing, removing and creating succession policies for directors and senior executives, monitoring the achievement of management's goals and ensuring the integrity of internal control and management information systems. It is also responsible for approving and monitoring financial and other reporting to the Australian Stock Exchange in terms of their requirements.

The board of Raptis Group takes independent professional advice at the expense of the company.

Board Composition

The names of directors of the company in office at the date of this report, their term of office their skills, experience and relevant expertise are detailed in the director's report. Raptis Group Limited does not currently have a majority of independent directors on the board due to the size and industry specific nature of the company.

An independent director is a director who is not a member of management and who:

- Is not a substantial shareholder of the company or an officer of, or otherwise associated directly with, a substantial shareholder of the company
- Has not within the last three years been employed in an executive capacity by the company or another group member, or been a director after ceasing to hold any such employment
- Within the last three years has not been a principal or employee of a material professional advisor or a material consultant to the company or another group member
- Is not a material supplier or customer of the company or another group member, or an officer of or otherwise associated with a material supplier or customer
- Has no material contractual relationship with the company or another group member other than as a director of the company
- Is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act in the best interests of the company

The composition of the board is reviewed on an annual basis to ensure the board has the appropriate mix of expertise and experience. Where a vacancy exists through whatever cause or where it is considered the board would benefit from the services of a new director with particular skills, the board determines the selection criteria for the position based on the skills deemed necessary for the board to best carry out its responsibilities and then appoints the most suitable candidate who must stand for election at the next general meeting of shareholders.

Nomination Committee

The board of Raptis Group has not formed a separate formal nomination committee because of the size of the company and the active involvement of all directors in nomination decisions. All directors are involved in the overseeing of the appointment and induction process for new directors and senior executives. The board in conjunction with senior executives and external consultants as most appropriate review the performance of all board members and executives.

Remuneration Committee

The board of Raptis Group has not formed a separate formal remuneration committee because of the size of the company and the active involvement of all directors in remuneration decisions. All directors in conjunction with senior executives and external consultants as most appropriate review the remuneration of all board members and executives. These reviews include incentive performance packages, compliance with superannuation requirements, termination entitlements, professional indemnity and liability insurance policies as applicable. There are no schemes for retirement benefits other than statutory superannuation.

Remuneration Policies

Remuneration levels are set to attract and retain appropriately qualified and experienced directors, senior executives and staff to run the economic entity. The board consider that the remuneration structure will be able to attract and retain the best executives with the necessary incentives to work to grow long term shareholder value.

The board obtains independent advice as necessary on the appropriateness of remuneration packages, given trends in comparative companies both locally and Australia wide. Remuneration includes a mix of fixed remuneration and performance based remuneration.

All executives receive a base salary, superannuation and performance incentives. The board reviews executive packages on a project by project basis by reference to departmental project performance, executive performance, comparative industry information and relevant independent advice. The performance of executives is measured against project targets which are agreed on a project by project basis.

The amount of remuneration for all directors and the highest paid executives, are detailed in note 5 to the financial report. The board considers that the performance linked remuneration structure is generating the desired outcome. The evidence for this is record profits for the last two years and increase in shareholder value.

Remuneration Report

The remuneration report is set out on page 4 and forms part of the director's report for the financial year ended 30 June 2011.

Safeguard Integrity in Financial Reporting

The board of Raptis Group has not formed a separate formal audit committee because of the size of the company and the active involvement of all directors in the final process of accepting the financial report and associated notes. The board is responsible for ensuring the financial report represents a true and fair view, in all material respects, of the company's financial condition and operational results and are in accordance with relevant accounting standards. The board further ensures that particular issues relevant to verifying and safeguarding the integrity of the company's financial report are met.

External auditors are appointed by the shareholders at the Annual General Meeting. External auditors are invited to attend the Annual General Meeting of the company in order to answer shareholder questions.

Financial Reporting

The Chief Executive Office and the Chief Financial Officer have declared, in writing to the board that the Company's financial reports are founded on a sound system of risk management and internal compliance and control which implements the policies adopted by the board.

Business Risk Management

The group takes a proactive approach to risk management. The board is responsible for ensuring that risks, and opportunities are identified on a timely basis and that the group's objectives and activities are aligned with the risks and opportunities identified by the board.

The board believes it is crucial for all board members to be part of this process, and as such the board has not established a separate risk management committee. Instead sub-committees are convened as appropriate in response to specific opportunities and risks.

Trading Policy

The company's policy regarding directors and employees trading in its securities is set by the board. The board restricts directors and employees from acting on material information until it has been released to the market and adequate time has been given for this to be reflected in the security's prices.

Ethical and Responsible Decision Making

In accordance with the Constitution and the Corporations Act 2001, directors disclose to the board any material contract in which they may have an interest. In compliance with section 195 of the Corporations Act 2001, any Director with a material personal interest in a matter being considered by the Board will not be present when the matter is being considered and will not vote on the matter. All directors and employees of Raptis Group Limited adhere to a strict code of ethics and must act with the utmost integrity, honesty and objectivity, striving at all times to enhance the reputation and performance of the Company.

Shareholders

The board aims to ensure that shareholders are informed of all major developments that may affect the financial performance of the Company. The Board encourages full participation by the Shareholders at the Annual General Meeting; this is to ensure a high level of accountability relating to strategy and financial performance by the Company. The shareholders are also responsible for voting on the appointment of directors.

Interest of Stakeholders

The board of Raptis Group has not formed a separate code of conduct to guide compliance with obligations to stakeholders.

Notes To The Financial Statements for the Year ended 30 June, 2011

The financial report covers Raptis Group Limited as an individual entity. Raptis Group Limited is a listed public company, incorporated and domiciled in Australia.

Note 1: Statement Of Significant Accounting Policies

Basis Of Preparation

The financial report is a general purpose financial report, prepared in accordance with the Australian Accounting Standards, including Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001. Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions to which they apply. Compliance with Australian Accounting Standards ensures that the financial report, comprising the financial statements and notes thereto, complies with the International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB). Material accounting policies adopted in the preparation of the financial report are presented below. They have been consistently applied unless otherwise stated.

Financial statements are normally prepared on a going concern basis where there is neither the intention nor the need to materially curtail the scale of the entities' operations. If such an intention or need exists, the financial statements cannot be prepared on a going concern basis.

The establishment of the Raptis Group Creditors Trust Deed on 18 September 2009 returned the company to a going concern.

Financial Instruments; Disclosures AASB 7. This information on exposures to financial risks are no longer considered relevant to users as the secured creditors have voted to accept a Deed of Company Arrangement and the Deed has been effected by the implementation of a Creditors Trust. There are no liabilities brought forward from before the Deed of Company Arrangement and the company has the opportunity to recommence business with no debt or liability from the past.

Going Concern

As at 30 June 2011, the company had net assets of nil. The company is dependent on the support of its major shareholders arranging funding to continue as a going concern. At the date of signing the major shareholders have indicated their intention to continue to arrange resources to meet the needs of the company. This includes funding costs up to resumption of trading and underwriting a capital raising to allow the company to relaunch as a going concern in its own right. Should this funding not be obtained the company will not be able to continue as a going concern.

The accounting policies adopted are consistent with those of the previous financial year. Any new Australian Accounting Standards first applying during the financial year have not significantly impacted on the Company's financial statements.

Accounting Policies

(a) Income Tax

The income tax expense (revenue) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at the end of the reporting period. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well as unused tax losses. Current and deferred income tax expense (income) is charged or credited outside the profit and loss when the tax relates to items that are recognised outside the profit and loss. Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss. Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at the end of the reporting period. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability. Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised. Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where a legally enforceable right of set-off exists, the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities, where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

(b) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST. Cash flows are included in the statement of cash flows on a gross basis, except for the GST component of cash flows from investing and financing activities which are disclosed as operating cash flows.

(c) Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

(d) Rounding of Amounts

The parent entity has applied the relief available to it under ASIC Class Order 98/100 and accordingly, amounts in the financial report and directors' report have been rounded off to the nearest \$1,000.

(e) Critical Accounting Estimates and Judgments

The preparation of the financial report requires the making of estimations and assumptions that affect the recognised amounts of assets, liabilities revenues and expenses and the disclosure of contingent liabilities. The directors evaluate estimates and judgments incorporated in the financial report based on historical experience and knowledge and best available current information reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both internally and externally within the group. Actual results may differ from these estimates.

(b) The amount of deductible temporary differences and unused tax losses for which no deferred tax assets have been brought to account:
 - temporary differences \$ nil' (2010 \$ nil)
 - tax losses: operating losses \$ nil' (2010: \$ nil)
 - tax losses: capital losses \$ nil' (2010 \$ nil)
 'Refer to note below "Unrecognised Tax Losses"
 The benefits of the above unused tax losses will only be realised if the conditions for deductibility set out in Note 1(a) occur. These amounts have no expiry date.

Transactions in previously controlled entities occurring after the implementation of the restructure have no effect for accounting purposes due to loss of control of these entities. These transactions still give rise to a potential tax loss due to the entities continued membership of the tax consolidated group.

Unrecognised Tax Losses
 At the time of signing this Annual Report the company is not able to accurately determine the quantum of its carry forward losses. This results from the restructuring of former debt where certain assets are still being held in previously controlled entities with security documentation still in effect in respect of the secured creditors or their assignors. Whilst the disposal of these assets will have no impact on the current or future accounting results due to the effect of the restructuring, the treatment of the associated debt is anticipated to have tax loss implications, which may materially affect the calculation of carry forward losses from prior years.
 The interim tax loss calculation indicates a potential future income tax benefit from carry forward losses of \$46,803,026 (at the current tax rate of 30%). However, the security positions that have not yet been resolved are material and may substantially reduce this interim calculation.

Note 5: Key Management Personnel Compensation
 (a) Name and position of economic and parent entity key management personnel in office at any time during the financial year are:
 Key Management Personnel, Mr James Raptis OBE who holds the position of Managing Director, Helen Raptis holds the position of Executive Director and Kevin Gogolka who held the position of Executive Director

(b) Compensation Practices
 The board's policy for determining the nature and amount of compensation of key management for the group is as follows:

The compensation structure for key management personnel is based on a number of factors, including length of service, particular experience of the individual concerned, and overall performance of the company. The contracts of service between the company and key management personnel were on a continuing basis. Upon retirement key management personnel are paid employee benefit entitlements accrued to date of retirement. Key management personnel are paid in accordance with State Legislation in the event of redundancy.

Note 11: Events Subsequent To Balance Date

- The Raptis Creditors Trust Deed was approved and the Administrators announced return of control of Raptis Group Limited to the Directors on 18 September 2009. Implementing of the arrangements has involved recourse to the legal proceedings to adjudicate a proof of debt lodged by the Australian Taxation Office (ATO), prior to giving effect to the restructure.

The Raptis Group Limited Creditors Trust Deed includes provision to issue 35 million shares to Creditors of Raptis Group Limited. The Deed of Company Arrangement for Rapticvic Contractors Pty Ltd includes the issue of five million shares to the subcontractors and suppliers of the formerly controlled building company. Just prior to the 31 March 2009 meeting of Creditors to vote on the Deed of Company Arrangement for both companies the ATO lodged proofs of debt. The directors and certain major shareholders arranged funding to contest these proofs of debt. A satisfactory resolution of the proofs of debt has enabled the distribution to subcontractors and creditors of the formerly controlled construction company to proceed.

The ATO claim against Building Services (QLD) Pty Ltd amount owing of \$11.6 million was reduced to a refund of \$452,975. This was achieved in October 2012 and April 2014.

The Unit Trend Services Pty Ltd dispute was in respect of primary tax of \$21 million. Fifty percent of this amount was paid prior to any ATO assessment being issued. The ATO proof of debt amount was subject to objection promptly in 2009. In April 2010 the objection was the subject of a four day hearing before the Administrative Appeals Tribunal (AAT). The partially successful AAT hearing went on appeal to the Full Federal Court where Unit Trend Services Pty Ltd achieved a resoundingly positive result on 5 October 2012. The High Court of Australia reversed a significant portion of the Full Federal Court decision on 1 May 2013 referring matters back to the AAT for determination. The amount of the proof has been resolved to the satisfaction of the company. The Raptis Group Limited Australian Tax Office proof of debt of \$29,375,574 that delayed implementation of the restructure from 31 March 2009 was resolved on 6 August 2014 to an amount of six dollars and nil cents. The Directors appreciate the support of Shareholders in funding this process and the patience of stakeholders in awaiting an outcome.

The company completed arrangements with the former security holder. This allows Raptis Group Limited to recommence its core business of property development. These arrangements allowed that on 9 July 2014 a security registered over all collateral held by Raptis Group Limited was lifted. On 3 July 2014 the appointment to control one subsidiary associated with the Hilton Hotel development in Surfers Paradise retired from this limited position.

INDEPENDENT AUDIT REPORT TO THE MEMBERS OF RAPTIS GROUP LIMITED

Report on the financial statements

We have audited the accompanying financial statements of Raptis Group Limited which comprises the balance sheet as at 30 June 2011, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, a summary of significant accounting policies, other explanatory notes to the financial statements and the directors' declaration of the company.

Directors' responsibility for the financial statements

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal controls as the directors determine are necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In Note 1, the directors also state, in accordance with Accounting Standard AASB 101 Presentation of Financial Statements, that the financial statements comply with International Financial Reporting Standards.

Auditors' responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial statements is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements. Our audit did not involve an analysis of the prudence of business decisions made by directors or management.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
